

HOW TO ORDER YOUR WINE RACK

1. Measure the height and width of the available space.
2. Using the DIMENSION CHART below, read off the number of bottles which appear against the measurement immediately below your available height.
3. Repeat the above process for the width measurement.

Example: If your available space measures 72" by 57" then your rack will accommodate 18 bottles by 14 bottles giving you space for 252 bottles.

Standard Size			Half Bottle Size			Magnums / 2 Litre

Standard depth 8 3/4" - 220mm			Standard depth 6 7/8" - 220mm			Standard depth 10 7/8" - 275mm		
All Sizes Are Nominal								

The standard bottle hole size wine racks are constructed from galvanised steel which is 1.1 mm thick, whereas the steel for the Magnum and Double Depth is 1.2mm thick. The wooden slats are made of solid natural pine, although if required, Oak Stain, Cuprinol, Dark Oak Stain, Mahogany Stain and Black Stain are available at a small extra charge (pictured right).

1. Natural Pine
2. Oak Stain
3. Cuprinol
4. Dark Oak Stain
5. Mahogany Stain
6. Black Stain
